Non-Stanford students who want to enroll in Stanford Economic courses during the 2015 summer quarter must meet the pre-requisites required for Economic courses: 50, 111, 132, 140, 165.

*This form is not necessary for Econ 1 which does not have pre-requisites.*

A non-Stanford course may be recognized as meeting the prerequisite if the course taken was similar in coverage and analytical level to one offered at Stanford, as judged from the course descriptions, syllabus, text, or other materials you can provide.

Name: ____________________________ Date: ________________
SUID: __________ Email: __________________________ Phone #: ______________
I want to enroll in this Stanford Economics Course: (Econ 50, 111, 132, 140, 165) ______________
The prerequisites for the course are: ________________________________
Listed below are the courses taken at another school I believe will meet the prerequisites:
Name of non-Stanford school: ________________________________
Non-Stanford course(s): ______________________________________
List the textbook(s) used for the non-Stanford course
_______________________________________________________________________________________
_______________________________________________________________________________________
You must attach a detailed course syllabus and a copy of your transcript (unofficial transcript will be accepted). Without this information we cannot process your request.

Any additional comments or explanations you would like to make:
